## Learning and Assessment

### Your Learning Journey

#### Working within a Competency-Based Training and Assessment Framework for Accredited Qualifications

As a provider of vocational education and training (VET) accredited programs, Work Savvy delivers competency-based training and assessment. This means that you are assessed against industry determined competency standards that are set out in the related training package or accredited course. These competency standards (known as units of competency) describe the discrete work tasks and knowledge, as well as the technical and underpinning foundation skills, that a person needs to perform a task effectively in the workplace.

The Student's ability to perform in a range of situations forms part of assessment and these skills are referred to collectively as the dimensions of competency, where the Student must be able to demonstrate:

- **Task skills** – completing tasks to the required standard.
- **Task management skills** – managing several different tasks at once to complete the whole job function.
- **Contingency management skills** – appropriately responding to problems and unforeseen events when completing a task.
- **Job/role environment skills** – dealing with the responsibility and expectations of the work environment, such as working with others, interacting with clients and following procedures.
- **Transfer skills** – transferring the skills and knowledge to different contexts/environments.
- **Foundation skills** - a set of skills that also forms part of the assessment decision. Employability skills are those generic skills gained throughout work and life experiences that are required in most jobs by most of today's employers. A Student must show they have these skills and can perform at a certain level as outlined in the competency standards. The employability skills are:
  - Communication
  - Teamwork
  - Problem-solving
  - Initiative and enterprise
  - Planning and organising
  - Self-management
  - Learning and technology.

Work Savvy offers vocational education in several disciplines, including Management and Business Services, Care Services and Transport and Logistics. Work Savvy has policies and procedures to create a safe and healthy learning environment that is friendly, diverse and non-discriminatory.

Our Trainers are experienced industry professionals who are committed to supporting you in meeting your course requirements. All Trainers are required to provide Work Savvy with evidence of industry currency, competency and professional development throughout the year.

### Grades Description

The following grades will be issued on your final Student Record of Training as part of your course certification. Further information about each is available within this Student Handbook.

- **Competent:** awarded when a Student demonstrates the ability to perform skills and tasks that meet the training package requirements and industry sector standards.

- **Not Yet Competent:** awarded when a Student does not yet have the ability to perform/demonstrate skills and tasks that meet training package requirements and industry sector standards.
- **Credit Transfer:** transfer credit for unit(s) obtained from any other RTO
- **Recognition of Prior Learning (RPL):** granted when a Student successfully completes an RPL assessment for the unit of competency through the skills recognition pathway.
- **Approved Leave:** approved leave granted for the study period.

### Duration of Courses

All enrolments have a maximum duration and you need to complete the course within the specified enrolment duration to avoid additional fees. Students who do not complete all units within the maximum timeframe will receive a Statement of Attainment listing the units they have completed.

### Course Progress

Work Savvy aims to see all Students succeed and to stay on track and not fall behind. We encourage all Students to do the following:

1. Attend a minimum of 85% of classes to learn from your Trainer and fellow classmates
2. Actively participate in your learning by asking questions of you Trainer and seek clarification on topics, where needed
3. Always undertake any self-study required of you. This will be assigned by your Trainer and maybe online and/or require you to access the Internet.

### Access, Attendance and Active Participation

A large amount of Work Savvy's delivery of learning is undertaken in a classroom environment, supported with a range of student-led activities that reinforce and supplement the classroom experiences.

**Attendance** does not only mean being present in a face-to-face class for the duration of class, but also means agreed engagement in directed and self-directed learning activities, tutorial groups, online interactive classrooms, work placements, and other situations which requires a physical presence by the Student. For students enrolled in the LMS [online *Learning Management System*], attendance means students must log into the LMS on a regular basis to coincide with the nominal hours for each unit.

**Active participation in learning** involves the Student's demonstrated commitment to the learning tasks and activities. This could be engagement in, and completion of, online learning tasks within agreed timeframes, evidence of research into a topic for online group discussions, projects, portfolios, the willingness to engage in group or Trainer sessions (e.g. blogs) and workplace learning activities. This also includes completing directed, self-directed activities and homework outside of class times.

**Active participation in assessment** may be indicated by the Student's efforts in gathering appropriate evidence and submitting and/or presenting an assessment on time and in the required format.

All Students at Work Savvy must abide by our Attendance Policy. Your attendance and active participation in all activities helps you to prepare for your assessments. Should you be absent from your class, it is your responsibility to contact either your Trainer/Assessor or Work Savvy office to advise on the day of being absent, or earlier where circumstances allow. If you are ill, you may be asked to produce a medical certificate. **It is your responsibility to catch up on your missed work.**

You are preparing for the world of work whilst you are studying with Work Savvy, so it is important to have made back -up plans to support you attending your training.

### Assessment Procedures

During your course of study, you will be required to demonstrate you have gained the knowledge and skills required to receive the qualification. This process is broadly called "Assessment".

You will be informed at the commencement of your course of the types of assessment you must complete

during the course. Students are assessed in a Competency Based Training (CBT) mode and must satisfactorily complete all assessment items to be rated as competent in a unit. This will include, where applicable, all theory and practical assessments.

Qualified Trainers and assessors will be responsible for assessing your competence.

### Assessors are required to:

- Be assured assessments are fair, flexible, valid and reliable and the evidence collected is valid, sufficient, authentic and current.
- Be proficient in the field of study, with relevant industry experience and to be up to date with assessment methods and procedures appropriate for the Students and learning environment
- Negotiate any requirement for reasonable adjustment with the Student. Any request for reasonable adjustment needs to be justified and must uphold the integrity and the academic standard of the qualification. Reasonable adjustment may relate to the type of assessment and evidence required, assessment delivery mode, anti-discrimination principles, and the needs and circumstances of Students
- Advise Students, with sufficient time, regarding upcoming assessment(s)
- Provide the Students with the assessment criteria/context and purpose of the assessment
- Advise Students of the Recognition for Prior Learning (RPL) processes
- Make assessment decisions based on explicit evidence of competency
- Expedite assessment to avoid unnecessary delays, allowing for the readiness of the Student

### Assessment Methods

The following are some of the assessment methods which may be used to confirm your competency in your course. Your Training Plan will provide details of the actual range of assessment methods to be used in your course to assess your competency.

**Demonstration (role-play, simulations, scenario, on-the-job)** – Students may demonstrate practical application of knowledge and skills either in a work environment or simulated setting. The Assessor will use a competency or observation checklist to check the Student’s demonstrated skills to match the essential performance criteria.

**Multiple choice assessment (online or face-to-face)** – this includes multiple choice, true/false and / or tick-a-box questions that may be marked automatically by the LMS and provide the Student with immediate feedback or be marked by an Assessor. Students are generally allowed up to three attempts at these questions. These assessments focus on your knowledge of the learning topic.

**Written assessments including case studies (online or face-to-face)** - This requires a written response to online or workbook questions. Responses may be entered on-line and sent to a queue in the LMS ready for an Assessor to review, or Assessors may personally mark responses. In the event of a response not being adequate to demonstrate complete understanding the Assessor will provide feedback to the Student.

**Documentary evidence** – This includes spreadsheets/graphs, written or typed text documents, minutes of meetings attended, data supporting sales results, emails, performance appraisals, projects, portfolios of evidence.

**Interview/Oral** – Responses provided to assessment questions or supplementary interview to fill any gaps in the assessment submission. Your Assessor may need to supplement the assessment with appropriate additional interview or questions.

If you feel you are not ready to do the assessment at the assigned time, a future assessment date can generally be organised. You will need to consult with your Assessor prior to the assessment date, and also with your Employer/supervisor if the assessment is to be conducted in the workplace.

Where your result in a unit is ‘Not Yet Competent’, you can discuss with your Trainer/Assessor the options

of re-assessment or further training to give you the opportunity to develop competence in the required areas.

### Students are required to:

- Identify all requirements to be deemed competent in a unit of competency.
- Be familiar with the mechanisms within Work Savvy for seeking assistance and advice in relation to problems in meeting assessment timeframes, withdrawal from a course and/or unit of competency and special consideration due to illness or other misadventure.
- Practice academic integrity - plagiarism, cheating or collusion will not be tolerated and can result in an academic fail.
- Accept fair, helpful and timely feedback on assessment tasks, including evaluation of performance and progress in the course and/or unit of competency.
- Be familiar with the Complaints and Appeals Policy and Procedure which includes the procedures for appealing academic decisions, as outlined on our website or in the Student Handbook.
- Bring pen, paper and folder to class and any other materials as directed by your Trainer
- Be suitably dressed for work placement should this be required.

### Flexible Learning Methodologies

Work Savvy recognises the principles and benefits of providing flexible approaches best suited to your individual learning style, job role and personal situation. Our programs are designed to maximise the opportunity for Students to access learning content and assessments. Learning methodologies offered to enterprises are decided based on Industry/Employer consultation and enterprise training needs and are contextualised for individual enterprises and the employee's work role as required.

The following learning methods are examples of what may be used for our courses;

**Self-paced, online learning** - Individual log-ins for the Online Learning Management System (LMS) allows the Student to undertake their learning and assessments at their own pace, and in their own time, to fit in with their other study or work commitments. We provide both written and verbal instructions to support the Student in how to log on and commence the program. Our Student support staff also provide telephone, general (non-academic) support.

Each Student has an allocated a Trainer/Assessor for academic support. This provides you with greater opportunity for immediate interactive feedback and allows Trainers to adjust assessments to individual needs, where appropriate. The online LMS provides current information on each individual Student's progress and automated updates to your Training Plan.

**Facilitated training sessions** - Facilitated training sessions, either face-to-face workshops or group sessions via electronic means (e.g. Skype), may be offered to Students as part of their course. A group setting facilitated by Trainers provides opportunity for Student and Trainer interactions and sharing and learning in the workplace (including one-to-one visits and workshops).

In many of Work Savvy courses, in particular if you are undertaking a Traineeship, you will be gaining your practical work experience through on-the-job training and the employment component and you will be assessed in relation to your workplace activities by your Supervisors or Workplace Trainer and by your Work Savvy Assessor.

You may also be required to attend training sessions/workshops at your worksite or off-site. Your Trainer or supervisor will advise the type and scheduling if attendance is required at training sessions.

Where there is a workplace training component, you will be issued with a Workplace Learning Log. You and your workplace supervisor will be required to regularly complete the Log to record the learning activities you complete in the workplace. It is essential that you complete the workplace component as part of your assessment.

If you are not employed, your study program may require you to undertake compulsory or voluntary work experience to demonstrate practical skills and competence. You will be assigned or advised about suitable

places in industry where you can undertake practical components of your training and assessment. This will also require recording of workplace activities into a workplace log to be considered as part of your assessment.

### Re-Assessment of Units

A Student who is deemed *'Not Yet Competent'* in a unit has the right to a reassessment. The process ensures you are satisfied with the fairness and accuracy of our assessment processes.

Students will need to repeat the unit where they have been deemed *'Not Yet Competent'* after a re-assessment attempt. To achieve competency after a re-attempt, and an additional assessment is required, Work Savvy reserves the right to charge an additional unit re-enrolment fee.

Work Savvy provides Students the opportunity of two (2) attempts to complete a unit of competency to achieve competency. If, however, on the second attempt, the Student is still found *'Not Yet Competent'* in that unit of competency, the student will be required to participate in further training and be re-assessed. This will attract an additional fee as outlined on the website, see Fees & Charges.

If a Student has been advised after the second attempt at achieving competency in a unit that they are *'Not Yet Competent'*, and they believe they genuinely do have the required degree of competency and they have provided reasonable proof of this to the RTO, the Student may query or appeal the result (See *Complaints and Appeals* on the website or this Handbook).

### Working with Children

Students participating in practical training in a workplace where they have direct contact with persons under 18 years of age in designated child-related employment areas, must complete a *Prohibited Employment Declaration* form on enrolment.

Eligibility for participation in some programs is based on information obtained through screening checks. Students participating in practicum placement which involves direct contact with children under 18 years of age without the presence of a qualified supervisor will be subject to a *Working with Children Check* as required by the State in which they are located.

### National Police Check

There are various qualifications that require work placement as a compulsory component of training and assessment and across many industries it is now a mandatory requirement to have a valid and current National Police Check. You will be required to undergo a National Police Check prior to commencing work placement. **If you have a record of violent or sexual crime, fraud or theft, you will not be able to access the facilities and therefore would not be able to complete the qualification.**

### Student Support, Welfare and Guidance Services

Our Trainers and Student support staff are available to guide you towards achieving your learning objectives and graduating from your course. If you are having difficulties with the course material, managing your time and commitment to your course, or any other academic related matter, do not hesitate to speak with our staff and ask for assistance.

Student support is provided to all Students. The aim of this support may, within reason, include monitoring your progress, assisting with any learning or technical issues that may be hindering your progress, reviewing your training plan timelines and discussing planned activities.

If you are away from your studies, our Student Engagement Officer will contact you, usually via telephone, to determine the reason. Please use the opportunity to advise them of any barriers or concerns that may be hindering your attendance. Remember, we are here to support you to move closer to achieving your career goal by completing this course.

Trainees undertaking their training in the workplace will be regularly monitored by their Trainer or Program Manager. As well as scheduled training activities, Trainers may conduct over-the-phone oral interviews or assessments and may schedule face-to-face workplace visits.

We allow for reasonable adjustment within the ASQA guidelines, in both our teaching and assessment and focus on flexibility and fairness whilst still maintaining validity. Adjustments may be made for students with:

- English as a second language
- Language, literacy or numeracy needs
- Sensory diminished capacity
- Physical or intellectual disabilities.

Modification or adjustments may be made to the:

- Learning materials and methods suitable to the student
- Physical environment and equipment
- Procedures for conducting assessment
- Evidence gathering techniques
- Number of opportunities to submit assessments and sit exams
- Timing of assessment or exam.

If you require support to assist your learning journey, please contact a Work Savvy office or your Trainer as soon as possible.

### **Provision for Language, Literacy & Numeracy Assessment and Support**

The term '*language, literacy and numeracy*' (LLN) is defined as an individual's ability to read, write and speak in English, and compute and solve problems at levels of proficiency necessary to function in the workplace and in society, to achieve one's goals and develop one's knowledge and potential.

As LLN skills are essential requirements for workplace performance, Students are asked to undertake an LLN pre-assessment exercise to identify any needs that may impact on their course progress or outcomes. LLN assessment is conducted at the appropriate qualification level. LLN may be assessed in writing, online and/or by interview. The outcome of pre-course LLN assessment remains on the Student's file as evidence of initial LLN assessment. Should a Student demonstrate the need for assistance, further detailed assessments may be made.

Where the level of LLN skill identified by assessment places the Student at risk of unsuccessful completion of the course/program, a discussion will be held with the Student to advise them if it is considered necessary to defer enrolment into the course until further skill development is undertaken, or if a different course may be more applicable. If the Student is in a Traineeship the Employer will also be consulted regarding additional support.

### **Time Management**

Whether you are undertaking online flexible learning or face to face training, well-developed time management skills are the foundation of good study habits. We will assist you by establishing a program timetable (Training Plan) at the beginning of the course and supporting you to achieve this. Here are some hints to help you manage your time:

- Think about and identify the chunks of wasted time in your daily or weekly activities
- Set a realistic goal of what you want to achieve and by when you want to achieve it (it may be to complete workbook exercises or an online assignment). Let your Trainer know if your program timetable is not realistic for your circumstances.
- Write a To Do list of the things you need to do to achieve your goal
- Schedule a set time (preferably at least weekly) to complete each of the tasks
- Gather information you need to complete the tasks

- Allow some time for creative thinking and brainstorming ideas
- Don't be distracted by some new unplanned task which comes along
- Recognise the causes of procrastination and keep this under control
- Put your ideas and decisions into action – execute the plan – seek feedback to make improvement
- Keep a time log to show where your time management plans went astray
- Evaluate how you went and where you can make further time management improvements.

As an RTO, Work Savvy cannot issue Certificates or Statements of Attainment without a USI. Therefore, it is mandatory that all students supply their USI upon enrolment.

## Course changes

### Deferment of Studies

Once you have enrolled and commenced in a course, you can generally not defer studies, except on compassionate grounds or compelling circumstances unless you can provide a registered medical practitioner's certificate or documents proving other exceptional circumstances, including bereavement.

In some circumstances, trainees may also apply for an extension or temporary suspension with the consent of their Employer. The appropriate application form must be submitted to the State Training Authority for approval. Your Trainer, our Student Engagement Officer or Australian Apprenticeships Support Network (AASN) provider can advise you about the process and issue you with the form.

Every effort will be made to assist you to continue training where possible, however deferment of studies can be no longer than 12 months from the date of receipt of formal written notice. Transfer to another program or deferment can only be done through written request and negotiation with Work Savvy.

To request a deferment, email your request to [info@worksavvy.edu.au](mailto:info@worksavvy.edu.au). You will receive a formal response within five (5) working days of submission of your request for a deferment of studies.

Please note – Work Savvy has the right to refuse a Student's request for a deferment of study. Should this occur, the Student has the right to follow Work Savvy's Complaints and Appeals procedure (as outlined within this Student Handbook and on our website).

A deferment will not trigger a refund of any fees and charges incurred to date and will be banked for the Student's return to study. However, no further payment of fees or charges will be required during any period of approved deferment of study. Students that do not recommence training within a 12-month period of deferral will be reported as discontinued in accordance with state contractual requirements.

### Course Transfer

Transfer from one course to another will result in the initial course being cancelled and a new enrolment in the transfer course. All implications of such a transfer must be thoroughly explored before deciding to transfer to another course. These will be explained to you by your Trainer or our staff.

We are required to notify third parties (AASN and Employer for trainees, and government Departments for Students in funded training). Should the transfer be likely to incur additional course fees and charges, you will be advised at the time of notifying us of your decision to transfer. There is no administration/application fee for a course transfer.

From time to time, accredited qualifications change to ensure that they are keeping abreast of the latest industry requirements and new courses replace older ones, known as superseding qualifications. This is a government initiative and one that must be followed by Work Savvy.

If you are enrolled in a superseded course/qualification, Work Savvy may transfer you across to an updated course/qualification if you are not able to complete your studies prior to the course/qualification becoming superseded.

Sometimes, the newest course/qualification may require you to undertake a longer program of study. If your circumstances do not allow you to do so, please talk to your Trainer or contact Work Savvy.

Transferring across to the updated course/qualification from a superseding qualification is at no further cost to a Student.

## Obligation to Recognise Qualifications and Statements of Attainment (Credit Transfer)

It is our obligation to recognise qualifications and statements of attainment issued by other RTOs which align to your proposed course of study. This is known as Credit Transfer (CT). However, you must provide us with permission to verify your achievements with the issuing RTO if we are unable to verify your qualifications with the USI portal.

To apply for Credit Transfer, you will need to complete the Credit Transfer Application Form and submit to Work Savvy with the required supporting certified documentation and permission.

There is no Student charge to administer a CT of qualifications and Statements of Attainment from another RTO. Once your CT has been established, all fees and charges for the approved unit(s) will be deducted from your overall course fees and charges.

## Recognition of Prior Learning (RPL)

The term RPL (*Recognition of Prior Learning*) applies to the recognition that you have acquired skills and knowledge previously through formal training, work experience and/or life experience. This skills acquisition can be measured against the competency performance that you are expected to demonstrate in your current course. When you have looked at the competency criteria for your course and believe you already have some or all the required skills, knowledge and ability, you can apply for recognition of prior learning.

Knowledge and skills can be acquired in a variety of ways, through:

- A formal learning process, such as attending school or completing a short course
- Work experience, such as being taught on the job how to do something
- Life experience or personal experience, such as a hobby or experience at home. There are no limits on where or how you acquired the skills.

You will be asked to complete a formal application and provide evidence as part of your application. This evidence may take a variety of forms and could include certification, references from past employers, testimonials from clients and work samples. The RTO must ensure that the evidence is authentic, valid, reliable, current and sufficient.

The RPL process is as follows:

- The Applicant is informed of the course content and of the existence of an RPL process prior to/or at the time of enrolment.
- Applicants are invited to verbally discuss their basis for an RPL application initially. The purpose of this is to prevent poorly supported claims from being made and to ensure that the potential RPL Applicant is fully aware of the RPL process.
- If the Applicant decides to proceed with the RPL process then, upon payment of the prescribed fee, they will be issued with an RPL kit, containing:
  - an RPL application form, outlining the information about the application and the units of competency they are making claim for.
  - a guide to the portfolio of evidence that the Student will need to amass as well as the detailed information they will need to provide to support their claim for RPL.

There is a cost to administering an RPL process, based on the review and assessment of the Applicant's portfolio and, in some instances, practical skills. RPL fees are charged based on the actual cost of services to be provided and are determined on a case by case basis. Applicants are advised of the fees at the time of application.

For any subsidised or Funded program, you should discuss arrangements prior to applying for RPL in a subsidised or funded program, as RPL is not funded by such bodies.

## Fees and Charges, including Refunds and Exemptions

To ensure Students and Employers are well informed of all course fees and refund arrangements prior to enrolment taking place, you will be provided with details of all fees and charges in pre-course documentation and prior to accepting a training proposal or enrolment taking place. You will then receive at least one tax invoice, dependent on the fee payment arrangement in place with you and/or your course of study.

Irrespective of the availability and receipt of government subsidies by an Employer, school or Student, it is a requirement of Work Savvy that where course fees, enrolment fees or other charges are applicable, these must be paid by the specified due dates based on a tax invoice and paid in Australian dollars.

Work Savvy does not accept upfront payment of fees of more than \$1,500 (no GST applies). If the course fee is more than \$1,500 the Student will commence a payment plan. The balance must be paid prior to the course completion for the Student to graduate. Work Savvy accepts the following methods of fees and charges payment: credit card and direct debit (by Ezidebit) and direct bank transfer. Please contact Work Savvy for payment details.

### Traineeships

Where tuition fees are applied to traineeship training the Employer may be charged the tuition fee on behalf of the Student undergoing the approved Traineeship in accordance with the Training Proposal Agreement signed between Work Savvy and the Employer.

### Conditions of Eligible Refunds and Payment

Please refer to our website, for the Student Fees, Charges and Refund Policy. Any refund is paid directly to the Student or the person originally making the payment.

### Non-payment of Fees

Late fee payment may incur a penalty. Failure to pay the course fees within 14 days of the final notice by either the Student or their Employer may result in any or all the following, until the full amount is paid:

- Suspension from attending/participating in the course
- Inability to graduate and receive your Certificate or Statement of Attainment
- Report of a breach of a Training Contract (Trainees and Apprentices).

Where a Student is more than thirty (30) days overdue with payments, Work Savvy reserves the right to suspend training services until payment is made to bring fees up to date.

### Recovery of Outstanding Fees

For overdue fees, Work Savvy will undertake the following cost recovery steps:

- Contact the Student via phone, email or mail with a courtesy reminder of outstanding fees.
- If there is no contact with / from the Student, then Work Savvy will contact the Student with an overdue payment reminder of the money owing and request payment.
- If the Student still has not paid Work Savvy will contact the Student with a final notice.
- If all attempts above to contact the Student fails Work Savvy will send the Student a formal letter of demand.
- If fees are still outstanding then Work Savvy may consider using a debt collection agency to collect the outstanding money, using fair debt collection practices developed by Consumer Affairs. The Student may also be required to pay additional fees associated with the debt collection process.
